Elvington Stages 5th September 1998.

Dear Barry

Ben Lawrenson asked me to you to check that you are still able to get to our event as above. We shall mail you what we call 'Final Instructions' in the week prior to the event. As for time of arrival the first car starts at about 9am. Elvington is about 5 miles south east of York on the B1228 just before the village of Elvington. Any problems give Ben or me a call.

Yours Sincerely

Ralph Jackson

Dear Club Chief Marshal,

On Saturday the 4TH October 1997 we are running the Elvington Stages on Elvington Airfield near York and we would like the assistance of your club to help us run the stages. We are hoping for a full field of 75 cars and a minimum of fifty miles of stages on the perfect surface should ensure an interesting event. In appreciation of the work your people will be doing, refreshments will be distributed during the day.

I would be obliged if you could fill in the attached form and return it to me as soon as possible or phone me at the above number.

Thanking you in anticipation

Yours sincerely

IAN WHITE.

Number of Marshals expected?

Number of 86 Mhz radios expected?

Are they all equipped with call signs?

Do you have any time crews capable of either a stage start or a stage finish bearing in mind that the action will be continuous on thirty second starts and the crew needs to be large enough to have relief operators?

Contact details for your chief marshal?
